COMMENTS FROM THE TOWN MANAGER'S OFFICE

Ten day notices have been sent to those who owe their 1960 real estate tax. Tax Liens will be recorded at the Register of Deeds on unpaid real estate taxes on June 30th unless paid prior to this date.

A drive has been in progress to collect delinquent personal and poll taxes with very good results. It has been necessary to bring legal action in eight cases as the taxpayer did not heed the notice sent him by Certified Mail.

For those that have made requests to have their driveway surfaced the work will be done a little later in the season as it was necessary to leave off this work to build the Chapman St. sewer.

Inspection of the furnace at the Community Room shows that it is not worth repairing. Those that have used the Community Room this past winter without doubt have noticed the smoky condition when the furnace has been in use. The plans are to replace the present furnace with a used wood or oil fired furnace. A good wood furnace will be considered as there is already a winter's supply of wood. Information has already been received as to where a used oil furnace may be purchased, but would like to have the opportunity to look at three or four before making a decision. Anyone having or knowing where a wood or oil furnace is for sale, please phone the Town Office.

Sincerely,
Harold L. Bean

Chapman St. Sewer Nearing Completion

Work on the Chapman Street sewer construction was started Wednesday morning of last week, and it is expected that the pipe will be laid and connected by the end of the week. The 8-inch cement pipe replaces the original 6-inch tile and reaches from the pipe at the head of Chapman Street from Crescent Park School to the Main Street sewer.

The new line follows nearly a constant pitch throughout its length being eight feet deep in one place. The street is still blocked in places until manholes are installed. Service for some 14 residences besides the school will be improved by the project, the old line being overloaded for several years.

While digging on Main Street the line of the old "wooden aqueduct" was torn up. It is probable that this was part of the system built in the 1850's to supply water for the Grand Trunk locomotives.

LETTERS TO THE EDITOR

To the Editor:

Does anyone care about their boy or boys?

Last Thursday the "Babe Ruth" team played Oxford, they won, but it was of no help from a great number of their parents. I was unable to attend, but my husband went to give our son support. At least one of the parents could attend these games. Just how would you big high-ups feel, if you were in your places on the field and looked out at your town crowd and see nary a parent (who is supposed to love you most) or even friends, pretty let down, I know.

Out of 15 to 17 boys there to sweat out a game, not any more than five parents attended that game Thursday night, it being held here in town, there is not one excuse, whatever, for at least Mom, Dad or Sister, of course, Brother to attend, to holler and cheer their own flesh and blood around these bases.

I, myself, have gone to many a game, and see a boy look out around the fence for his townspeople for some support from just anyone, believe me it is pitiful, their chin drops down on their chest.

This town, Bethel, is the worst one in all nearby towns to turn out and go to anything put on by their young. The others, ever so small in population, very nearly all turn out for support.

If some of these high-ups would show their boy or boys some love and attention they would have much less trouble here in town.

The parent or parents send them off to a ball game or show "valence" and they forget about them for two to three hours, is that the way to keep a boy happy or out of trouble, no, indeed not.

These boys have games on Tuesday and Thursday even days here or out of town, there are always two posters up, one in the middle of Main Street and one on Railroad Street to let each and everyone know.

Now, for goodness sake, let's give our boy or boys a big support, by going and giving them shouts and holla blow-ing to cheer them on and show them we do love each and everyone of them.

Three boys all have parents and a good many friends, I know.

Come out, everyone.

For a number of years a loving mother of two ballplayers.

GOULD ACADEMY
COMMENCEMENT

continued from last week

Special recognition for the highest scholastic averages in their classes during the past year was given to the following: Freshmen—Philip H. Burns, Sandra Duran, Paul G. Imhof, Judith E. Judkins, Geoffrey S. Lord, Robert J. Swain, II; Sophomores—Stephen Dock, George Eypner, II, Brian J. McCrodden, Ileen M. Powers, Kathleen F. Towne; Juniors—Margaret A. Davis, Ira C. Hubbard, Jr., Evelyn D. Sprague, William R. Stowell, Elizabeth Vinton; Seniors—Ann M. Ordway, Louise Kennedy, Arthur F. Lincoln, Jr., Gloria M. Williams, Freda M. Gammon.

Speaking at the Alumni Luncheon, Headmaster Vachon said in part:

The passage of time with attendant change is inevitable. Beginning three or four years ago with the retirements of the Fossitts and the Clunies there have been retirements of faculty and staff members in each of the succeeding years. This year Gould adds another to this list of good and faithful servants who have devoted years of service to the Academy and the young people it serves. Mrs. Waterhouse's years at Gould span a generation of students. During this time she has worked with five school physicians and has participated with them in the development of medical services which are unique among secondary schools. During the first of her eighteen years as school nurse, she had the medical wing of Farnsworth and the infirmaries located in each of the dormitories as bases of operation. Since March 1955 the Dr. Walters' Student Infirmary provided by the Trustees combined medical and infirmary facilities as well as living accommodations for the nurse, a marked improvement over the separate facilities of earlier years. It will be of interest to you, I am sure, to learn that the team of school physician and nurse, has attended to over 1300 office calls and 87 infirmary days during the 1960-1961 school year. To the nurse falls the responsibility for the keeping of the various records in addition to the supervision of the infirmary and attendance to the doctor. On this day we add the name of Mrs. Vera Waterhouse to our list of loyal and devoted employees who have taken retirement rank. Faculty and Trustees have already taken appropriate recognition of what her service has meant to Gould and all of us wish her many years of retirement in her new home in Portland, Maine. She will be succeeded by Mrs. Louise Shorndon Day, G. A. '24.

Remarks of Sidney W. Davidson, LL.D. (attorney at law of New York City, chairman of the Board of Trustees of Gould Academy) upon the presentation at the Alumni Banquet on Saturday, June 10, of the portrait of Paul C. Thurston painted by William W. Cummings.

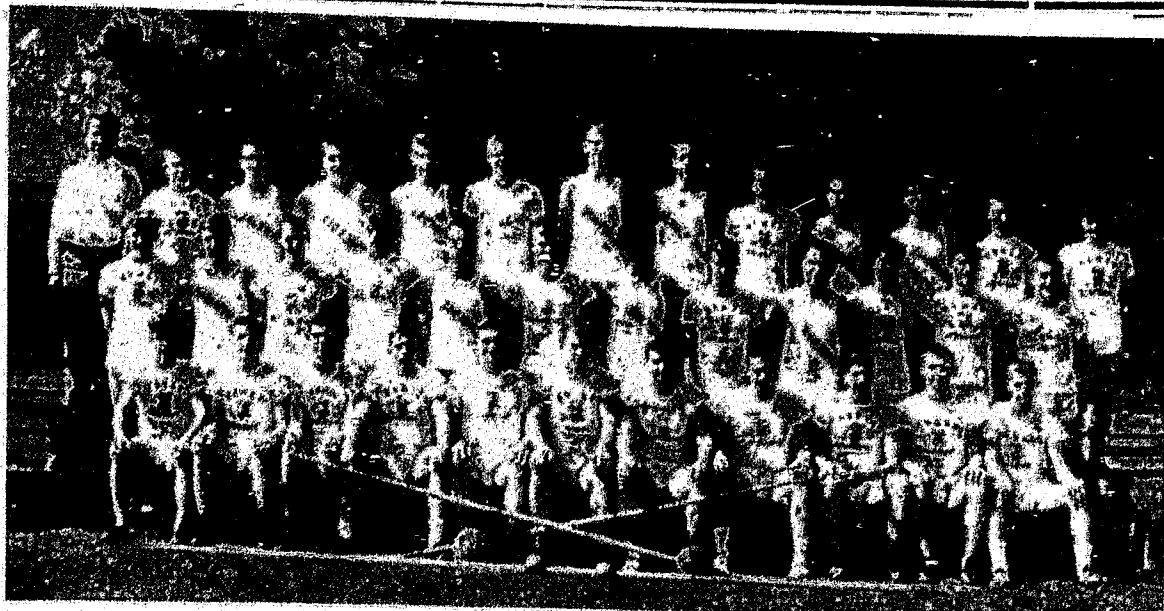

Paul Thurston has had intimate knowledge of Gould Academy since he entered as a freshman at the turn of the century followed by his graduation in 1905.

During the intervening years he has maintained close contact with the Academy. He has known intimately scores of students at Gould and his son Murray graduated from Gould with the class of 1939. Mr. Thurston was elected a trustee of Gould on June 27, 1935, and he has served as our Treasurer and he was elected President of our Board of Trustees two years ago.

Paul has always been on the early side. He often rises at 4:00 a. m. and never rises later than 5:30 A. M. As an infant he determined to start his education early. At the age of four he entered school upon his own initiative without the consent of his parents. He then committed two indiscretions and they were probably the only ones he has ever committed. First, he misrepresented his age as being five. Second, he gave a fictitious name and pretended that he was Paul Thurston Cleveland.

He was also on the early side in getting into business. His first job was at the age of 12 when he was hired to tie waste wood at a birch mill for compensation which he then considered adequate, namely twenty-five cents a day.

His record as Gould was outstanding. He was president of his class as a sophomore, as a junior and as a senior, Editor in Chief of The Herald, and Secretary of the Athletic Association. He graduated from

Mrs. David Foster, Corres.

Mr. and Mrs. Lewis Smith, Sr., Eleanor Billings and Teddy Colby, Mr. and Mrs. Lewis Smith, Jr., and children, Dale and Jeffrey, visited Mr. and Mrs. Neil Gross and family, in Jefferson, N. H., Sunday. Eleanor Billings will stay for two weeks to help Mrs. Gross who has just returned home with her baby daughter from the hospital.

Mrs. Jorgen Olson, Mrs. Rodney Howe and Mrs. Harold Stanley took Stanley Howe to

Gould as Salutatorian and he delivered his address both in Latin and in English. His memory is phenomenal and he can recall today in both of the two languages the address which he gave fifty-six years ago.

His father became seriously ill when Paul was a student of nineteen at Bates College. He therefore was compelled to assume responsibility for the maintenance and well-being of his father, his mother, and his two sisters, and he was also responsible for conducting the mill business of his father.

He has a love for sports which can not be quenched, including baseball, football, fishing and mountain climbing. For his achievement in climbing Mount Katahdin after attaining the age of fifty he earned the degree of "M. G.". The two letters stand for "Mountain Goat". He has fished the Miramichi and he has descended the Grand Canyon on the back of a donkey. He attended the Olympic Games in London in 1952. Every Saturday in the fall finds him at some football field regardless of the weather.

He has rendered constant and effective public service. He early became an authority on transportation and on the construction and operation of highway facilities. He was appointed as an original member of the State of Maine Turnpike Authority and became chairman. That turnpike is in no small measure a monument to him. A trustee of the Rumford Community Hospital, he is also a trustee of the Bethel Library Association and the President of the Association. He assumed the presidency of the Rumford Bank and Trust Company during the evil days of the depression. Through his business sagacity, the Trust Company was soundly reorganized, and it is now the leading bank in this area. He tills the soil and he is a dairy farmer.

His philosophy is reflected by two maxims of which he is fond. One is: "You get out of anything exactly what you put into it."

The other is: "The hardest part of any job is getting started. If you do not think it can be done, then it can't." We are all grateful to Paul for his faithful devotion to Gould.
